A Young Couple to Wed.

Joshua Davis, aged eighteen, a native of Short Creek, and Mary E. Jones, aged sixteen, a native of Trenton county, Pa., both now residents of Wheeling, were yesterday licensed to wed.

Will Visit Europe.

Two more European passengers were booked by the Union ticket office yesterday—Joseph Lewis, of Flushing, to sail to-day on the Cunard steamer Campania for Liverpool, and Peter Finegan, of Cameron, on the White Star liner Germanic, which sails on the 9th for Liverpool.

I. O. O. F. at Triadelphia.

A very interesting Odd Fellows' meeting was that of last night at Triadelphia, when the team of Franklin lodge, of this city, initiated several members. There was a very large attendance to witness the team work, and the Triadelphia brethren demonstrated that hospitality was not a mere name with them.

Very Fast Fastness.

In the race on the Island Thursday Butcher E. W. Fritz claimed that his horse made a mile in 3:25. A friend denied it and bet the horse could not do it again. The bet was \$20 a side, and the test was made yesterday afternoon in the presence of a pretty good crowd of butchers and others. The mile was covered in 3:13, and Mr. Fritz pocketed the purse.

Birthday Surprise Party.

Yesterday was the seventy-eighth birthday of "Uncle Billy" Stamm, landlord of the four mile house, out the National road, and last night a large party of his friends from the city went out and surprised him. All had a thoroughly enjoyable time, and none more so than the recipient of the call, who carries his years gracefully and well. The guests returned on a special train on the Elm Grove road.

The Colored Knights.

Speaking of the annual meeting of the colored Knights of Pythias supreme lodge at Cincinnati, the Times Star says: Hotel sumner is gaily decorated with flags and bunting in honor of the K. P. supreme lodge meeting, which is in session here this week. The house is full of visiting delegates, who have made it their headquarters. Prominent among them is J. O. Gray, of Wheeling, W. Va.

Transfers Recorded.

Clerk Hook yesterday admitted to record transfers of real estate as follows: June 2 by William Hosack to William Krusier and wife, for \$30, one-half acre in Triadelphia district.

August 4 by Albert L. Meyer and wife to George B. Bushon, for \$250, lot 34 at Park View.

February 8, 1892, by the executors of the late Joseph H. Pendleton to Ella V., wife of W. H. Frank, for \$300, three and a half feet of ground on the north side of Twelfth street.

Mozart Incline.

Work is progressing rapidly at the Mozart park incline on the South Side. Three forty-foot girders are now placed in position. Some delay will be caused by the difficulty in running an engine at the top of the hill, by reason of the entire absence of water there. It is learned that the contract price for the incline railway plant is something over ninety thousand dollars, and that when completed the cost will exceed \$100,000. It is a more expensive piece of work than most people imagined.

Will Visit Wheeling.

Rehearsals from ten in the morning until ten at night, are now being gone through by the Fred Solomon Comic Opera company, and when that company starts on a tour with its repertoire of operas, which includes Erminie, Nady, The Brigands, Mme. Favart, Poor Jonathan, Neil Gwynne and Billie Taylor, it will be the most thoroughly equipped organization on the road. They will carry the original New York Casino plant of costumes, scenery and effects and will present the above named operas in this city during the coming season.

To Cleanse the System

Effectually yet gently, when constive or bilious or when the blood is impure or sluggish, to permanently cure habitual constipation, to awaken the kidneys and liver to a healthy activity, without irritating or weakening them, to dispel headaches, colds or fevers use Syrup of Figs.

THE PAPERS SIGNED.

The Traffic Arrangement for Street Railway Travel.

Nearly a month ago the INTELLIGENCER stated that the over-the-river street railway company and the Wheeling railway company, owners of the two lines of electric street railway, had come to an agreement for a traffic arrangement, and that all that remained to be done was to formally sign the papers. It is therefore no news to the public that Messrs. A. M. Jolly and J. K. Jolly, general managers of the two corporations, have come together and signed the agreement. Everything has come about as the INTELLIGENCER predicted at the time. The agreement provides that transfer tickets will be given on each road to the other. Passengers from across the river will be brought into Wheeling for 10 cents and the local company will receive its share of the fare, which according to the agreement is to be one-half. The INTELLIGENCER's story was denied at the time, but was just as true then as now.

CLAIMS CONSIDERED.

The Council Committee has a Brief Session and Defers Things.

At a meeting of the council committee on claims last night, the claim of Catherine Church for damages to her house on North Main street by a change of grade was referred to the chairman, Mr. Paull, and a builder and an architect, both to be selected by him.

Alice Teeterora, who lives at the corner of Wabash and Delaware streets, represented that her property had been much damaged by neglect of a sewer. She was represented by Denis O'Keefe. The matter was deferred, the committee to go and look at the property Monday afternoon at 4 o'clock.

An old petition from David Montgomery for damages for the straightening of Caldwell's run, was read, but deferred, and some other ancient claims were allowed to remain on the table.

The council committee on police was also called to meet last evening, but failed to secure a quorum.

BEFORE THE JUSTICES.

A Number of Cases up Yesterday—A Boy Criminal.

Frank E. Smith, who has been confined in jail charged with being a lunatic, was given a partial hearing yesterday by Squire Gillespy and the case continued until Monday at 9 a. m.

The evidence against Frank Cole, charged with committing a nameless crime, was partially heard and the case continued until Monday afternoon at 2 o'clock.

Frank Condon, charged by Mary E. Smith with using profane language, was fined \$1 and costs. For committing an assault on her and Emma Bowman he was fined \$5 and costs in each case.

Squire Arkle yesterday ordered Charles Jackson, an incorrigible nine-year-old boy, sent to the reform school.

ANOTHER FINE SHOWER.

Great Good Done to the Crops Yesterday Morning.

About two o'clock yesterday morning there was another thunder storm. For a short time rain fell in torrents, and after that a gentle shower continued until about 4:30. The telephone wires were struck by lightning several times, and a few instruments burned out. Several sewer openings were choked up, flooding the streets, and the usual piles of debris were left at all the street intersections leading down from the hill.

In 40 minutes or so forty-hundredths of an inch of rain fell, by C. Schnepf's official gauge. In the country where the moisture was most needed the rain was not so heavy, but it lasted longer. Up the Little Wheeling creek, where everything was parching for lack of rain, the ground was well soaked and vegetation wonderfully revived. The creek, which was almost dry, was filled nicely, and the benefits of the shower were almost incalculable, the former heavy rains within the past week having all missed that locality.

"I was prostrated with a severe bilious complaint," writes Erastus Southworth, of Bath, Me. "After vainly trying a number of remedies, I was finally induced to take Ayer's Pills. I had scarcely taken two boxes when I was completely cured."
